At a minimum, this part of the consent form must include:

A statement that potential subjects are being asked to volunteer for a research study

An explanation of why the subject is being asked to volunteer.

A clear explanation of the purpose of the research.

The expected duration of the subject's total participation, and

The approximate number of patients to be enrolled in the study at MCG and elsewhere. (This is especially important when number of subjects is material to the subject's decision to participate; small sample size might compromise confidentiality.)

1 6 _____ :

Procedure

A detailed description and explanation of the procedures that will be performed on the subject, e.g. filling out questionnaires, being interviewed, being audio or videotaped, engaging in role playing, performing computerized experiments, etc.
